

# MADE

IN THE

# OUTER HEBRIDES

A guide to the  
arts & crafts  
on the Islands.

# FÀILTE

A WORLD CRAFT REGION

**Fàilte gu Made in the Outer Hebrides, our guide to some of the finest island-based artists and makers, who have been inspired by our stunning environment, changing light, Gaelic culture, and rich heritage.**

Our islands nurture and attract skilled, resourceful and highly creative people. Throughout our communities you will find makers workshops, artist studios, craft markets, galleries and shops selling local artisan products. If you are looking for an authentic memento of your island trip, want to take home a memory of the Outer Hebrides or are looking for a special gift, this is the guide for you.

The Outer Hebrides are recognised internationally by the World Craft Council as a **'World Craft Region'** for our iconic Harris Tweed industry and were in 2018, only the second region in Europe to achieve this important designation. The award recognises the specialist skill and

craftmanship within our islands' unique industry, with Harris Tweed being the only hand-woven fabric in the world to be commercially produced and protected by its own Act of Parliament.

We are also privileged to have award-winning arts and cultural centres such as Taigh Chearsabhagh in North Uist (which partners with the University of the Highlands and Islands as an Art School) and An Lanntair, in the heart of Stornoway. Both organisations promote, support and catalyse creativity in the Outer Hebrides acting as a hub for local artists and makers and welcome visitors to share in their varied programmes.

The guide breaks down the island offering by Lewis, Harris, Uist and Barra for ease of finding the best of what is nearby. At the time of publication (May 2023) all details are accurate but please double check opening times before travelling to venues.

*Enjoy your creative journey and get inspired!*
